The State Budget for 2010 includes all the revenues and expenditures of the State of Timor-Leste.

Annex I to the Law on the State Budget for 2010 establishes the estimate total of revenues of the State Budget from January to December 2010 originating from all sources: oil revenues, non-oil revenues, development partners contributions and other non-fiscal revenues. The estimated total revenues from all such sources are US\$ 1,480.5 million.

Annex II to the Law on the State Budget establishes the budget appropriations which have been systematized as follows:

- 1. US\$ 97.7 million for Salaries and Wages;
- 2. US\$ 210.2 million for Goods and Services;

The revenues of these categories are included under budget heading that refers to own revenues of autonomous services and funds in Annex I, and the budget of the proposed expenditures is contained in Annex III.

The estimated total expenditure for the self-financed "Autonomous Organs" for 2010 is US\$ 39.1 million, of which US\$ 28.6 million shall be transferred from the State Budget in order to subsidise expenditures that are higher than the anticipated revenues.

The total estimate of expenditures of the State Budget is US\$ 659.9 million, and the non-oil revenues are estimated at US\$ 87.2 million, including the revenue from autonomous services and funds. The fiscal deficit amounts to US\$ 572.7 million, of which US\$ 502 million shall be financed from the Petroleum Fund and \$ 70.6 million from the Consolidated Fund for East Timor.
